

Panasonic

IP Proprietary Telephone

Quick Reference Guide

Model No. **KX-NT136**

Important Information

When using the KX-NT136, keep the following conditions in mind.

- If the unit does not operate properly, disconnect the unit from the Ethernet® cable and then connect again.
- If you are having problems making calls, unplug the Ethernet cable and connect a known working IP Proprietary Telephone (IP-PT). If the known working IP-PT operates properly, have the defective IP-PT repaired by an authorised Panasonic Factory Service Centre. If the known working IP-PT does not operate properly, check the Hybrid IP-PBX and the Ethernet cable.
- Wipe the unit with a soft cloth. Do not clean the unit with abrasive powders or with chemical agents such as benzene or thinner.
- Use only the correct Panasonic handset.
- Do not disassemble this unit. Dangerous electrical shock could result. The unit must only be disassembled and repaired by qualified service technicians.
- If damage to the unit exposes any internal parts, immediately disconnect the cable or cord. If the power is supplied from the network to the IP-PT [Power-over-Ethernet], disconnect the Ethernet cable. Otherwise, disconnect the AC adaptor cord. Then return this unit to a service centre.
- Never attempt to insert wires, pins, etc. into the vents or other holes of this unit.
- This unit is designed to aid the visually handicapped to locate dial keys and buttons.
- This unit is designed to be installed under controlled conditions of ambient temperature and a relative humidity.
- Avoid installing the unit in damp or humid environments, such as bathrooms or swimming pools.
- 999 and 112 can be dialled on the product after accessing the CO line for the purpose of making outgoing calls to the BT emergency (999) and (112) services (United Kingdom only).

WARNING:

TO PREVENT POSSIBLE FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE.

THIS HANDSET EARPIECE IS MAGNETISED AND MAY RETAIN SMALL FERROUS OBJECTS.

IMPORTANT NOTICE:

- Under power failure conditions, the IP-PT may not operate. Please ensure that a separate telephone, not dependent on local power, is available for use in an emergency.
- For information regarding network setup of the IP-PT such as IP address, please refer to the Installation Manual for the Panasonic Hybrid IP-PBX.
- If an error message is shown on your display consult the network administrator.
- The firmware of the KX-NT136 is protected by copyright laws and international treaty provisions, and all other applicable laws. It can not be reverse engineered, decompiled or disassembled.

Important Information

Take special care to follow the safety suggestions listed below.

Safety

- 1) The unit should only be connected to a power supply of the type described in the Quick Reference Guide or as shown on the label on the unit.
- 2) When left unused for a long period of time, the optional AC adaptor should be unplugged from the AC outlet, if you are using Power-over-Ethernet, disconnect the Ethernet cable.

Installation

Environment

- 1) Do not use this unit near water, for example, near a bathtub, washbowl or sink. Damp basements should also be avoided.
- 2) Keep the unit away from heating appliances and devices that generate electrical noise, such as fluorescent lamps, motors and televisions. These noise sources can interfere with the performance of the unit. It also should not be placed in rooms where the temperature is less than 5 °C or greater than 40 °C.
- 3) The AC adaptor is used as the main disconnect device. Ensure that the AC outlet is located near the unit and is easily accessible.

Placement

- 1) Do not place heavy objects on top of this unit.
- 2) Care should be taken so that objects do not fall onto, and liquids are not spilled into, the unit. Do not subject this unit to excessive smoke, dust, moisture, mechanical vibration, shock or direct sunlight.
- 3) Place the unit on a flat surface.

This unit is capable of being used in conjunction with hearing aids fitted with inductive coil pick-ups. The handset should be held as for normal conversation. For operation, the hearing aid should be set to its "T" position or as directed in the operating instructions for the hearing aid.

Note: In this manual, the suffix of each model number is omitted.

Trademark:

Ethernet is either a registered trademark or a trademark of Xerox Corporation in the United States and/or other countries.

CE This product is intended to be connected to a Panasonic Hybrid IP-PBX only. Panasonic Communications Co., Ltd. declares that this equipment is in compliance with the essential requirements and other relevant provisions of Radio & Telecommunications Terminal Equipment (R&TTE) Directive 1999/5/EC.

- Consult your dealer for more details about the feature numbers.
- You can change the flexible CO buttons to feature buttons.
- “Location of Controls” is shown on page 9.

Using the Display Proprietary Telephone

◆◆ Using the Call Log or Directories

You can make a call with the call log or directories as follows:

- Outgoing Call Log
- Incoming Call Log
- Extension Number Directory
- System Speed Dialling Directory
- Personal Speed Dialling Directory

◆ Calling with a call log or directory

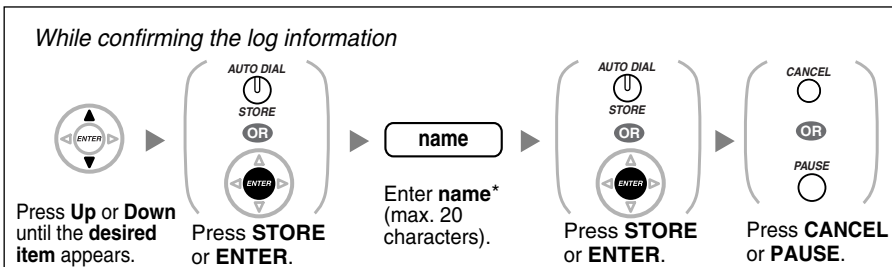

- To cancel or exit, press  or .

◆ Clearing the log information

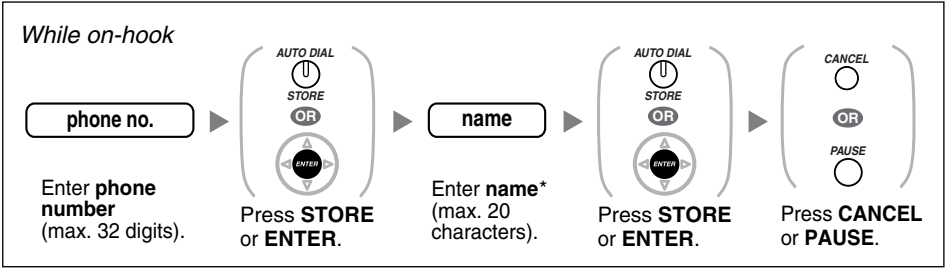

◆ Storing the caller's information for the Personal Speed Dialling Directory

- * To enter characters, refer to "Entering Characters".

Using the Display Proprietary Telephone

◆ Storing names and numbers for the Personal Speed Dialling Directory

* To enter characters, refer to “Entering Characters”.

◆◆ Accessing the System Features

You can access these features with the “Feature Access” menu:

- | | |
|-----------------------------|----------------------------------|
| Automatic Callback | Door Open |
| Bus Cancel | External Background Music |
| Group Call Pickup | Paging |
| Directed Call Pickup | |
| Doorphone Call | |

• For further information, refer to the User Manual of the Hybrid IP-PBX.

Setting

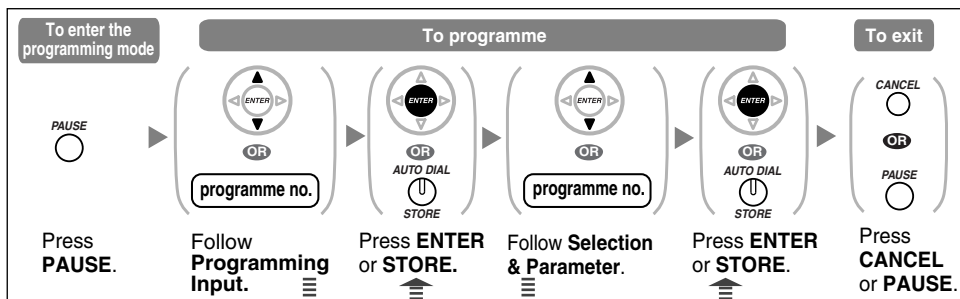

Speaker volume	<i>While in hands-free conversation</i>	Press Up or Down .
Handset/Headset volume*	<i>While using the handset or headset</i>	
Ringer volume	<i>While on-hook or receiving a call</i>	
LCD Contrast	<i>While on-hook</i>	
Ring Tone		Press Twice .

* If you hear your own voice through the handset or headset, decrease the volume.

Settings on the Programming Mode

◆◆ Setting Features

You can customise many features of your telephone as shown in the following tables. Original settings are shown in the gray boxes. For later reference, place a check mark in the boxes below to indicate your customised settings.

Item	Programming Input	Selection & Parameter	
Would you like to turn on the display backlight of the KX-NT136? (Display Backlight Selection)	[0] [4] [Back light]	[0]	<input type="checkbox"/> Yes—ON in use [Automatic]
		[1]	<input type="checkbox"/> Yes—always ON [Always On]
		[2]	<input type="checkbox"/> No—always OFF [Always Off]
How do you prefer to receive an intercom call? (Alternate Receiving—Ring/Voice)	[2] [1] [Voice Call]	[0]	<input type="checkbox"/> Ringings [Tone Call]
		[1]	<input type="checkbox"/> Directly—The party's voice is heard without ringing. [Voice Call]
		[2]	<input type="checkbox"/> Ring only—Prohibiting the caller switching to the voice mode. [Voice Call Deny]
Do you prefer to receive call waiting for outside calls?	[3] [0] [C.Wait Extrnl]	[0]	<input type="checkbox"/> No (No Tone) [CW Tone Off]
		[1]	<input type="checkbox"/> Yes (Tone) [CW Tone On]
Which type of call waiting for intercom calls do you prefer? (Call Waiting Selection)	[3] [1] [C.Wait Intrnl]	[0]	<input type="checkbox"/> No call [CW Tone Off]
		[1]	<input type="checkbox"/> Tone [CW Tone On]
		[3]	<input type="checkbox"/> Voice announcement through the handset [Whisper OHCA]
Which type of call waiting tone do you prefer? (Call Waiting Tone Type Selection)	[3] [2] [C.Wait Tone]	[0]	<input type="checkbox"/> Tone 1 [CW Tone 1]
		[1]	<input type="checkbox"/> Tone 2 [CW Tone 2]

Settings on the Programming Mode

Item	Programming Input	Selection & Parameter	
Would you like to show a message on the caller's telephone display? (Absent Message)	<input type="text" value="4"/> <input type="text" value="0"/> [Absent Msg]	<input type="text" value="0"/>	<input type="checkbox"/> No-Off [Absent Msg Off]
		message no. (1-8)	<input type="checkbox"/> Yes-Shows the selected message.
		<input type="text" value="9"/>	<input type="checkbox"/> Yes-Shows your personal message.
Where are your incoming calls forwarded or refused? (Call Forwarding [FWD]/Do Not Disturb [DND])	<p>(for both calls) [Fwd/DND Both]</p> <p>(for outside calls) [Fwd/DND Extnl]</p> <p>(for intercom calls) [Fwd/DND Intl]</p>	<input type="text" value="0"/>	<input type="checkbox"/> Off [Fwd/DND Off]
		<input type="text" value="1"/>	<input type="checkbox"/> Do Not Disturb (DND) [Do Not Disturb]
		<input type="text" value="2"/> + desired no. (max. 32 digits)	<input type="checkbox"/> All-Forward all calls [Fwd All:]
		<input type="text" value="3"/> + desired no. (max. 32 digits)	<input type="checkbox"/> Busy-Forwarded when your extension is busy. [Fwd Busy:]
		<input type="text" value="4"/> + desired no. (max. 32 digits)	<input type="checkbox"/> No Answer-Forwarded when you do not answer. [Fwd N/A:]
Do you use the headset? (Headset Operation)	<input type="text" value="6"/> <input type="text" value="1"/> [Headset Mode]	<input type="text" value="0"/>	<input type="checkbox"/> No-Headset off [Headset Mode Off]
		<input type="text" value="1"/>	<input type="checkbox"/> Yes-Headset on [Headset Mode On]
Would you like to set your extension PIN or change a stored extension PIN to new one? (Extension PIN [Personal Identification Number])	<input type="text" value="9"/> <input type="text" value="0"/> [Extension PIN]	extension PIN (max. 10 digits) + ENTER/STORE + same PIN	To set an extension PIN
		stored extension PIN + new PIN (max. 10 digits) + ENTER/STORE + same PIN	To change a stored extension PIN to new one
Would you like to prevent others from seeing your personal directory and call log? (Directory and Call Log Lock)	<input type="text" value="9"/> <input type="text" value="2"/> [Display Lock]	extension PIN (max. 10 digits) + <input type="text" value="0"/>	<input type="checkbox"/> To unlock [Display Lock Off]
		extension PIN (max. 10 digits) + <input type="text" value="1"/>	<input type="checkbox"/> To lock [Display Lock On]
		WARNING When a third party discovers the password (extension PIN) of the Hybrid IP-PBX, there is a risk that fraudulent telephone calls will be made using the telephone line. The cost of such calls will be billed to your own account. To protect this kind of fraudulent use, we strongly recommend: a) Keeping the PIN secret. b) Selecting a complex, random PIN that cannot be easily guessed. c) Changing the PIN regularly.	

- If nothing is entered for one minute in the programming mode, the telephone returns to normal status.
- To exit the mode at any time, lift the handset.
- For further information on "Settings on the Programming Mode", refer to the User Manual of the Hybrid IP-PBX.
- Words within square brackets ("[...]") above are display messages. Display messages shown here may differ from those shown on your telephone.

Location of Controls

* Headset (not included)
Recommended: KX-TCA89

PAUSE: Used to insert a pause when storing a telephone number. Also used to enter and exit the personal programming mode.

AUTO ANS (Auto Answer)/MUTE: Used to receive an incoming call in hands-free mode or mute the microphone/handset during a conversation.

AUTO DIAL/STORE: Used for System/Personal Speed Dialling or storing programme changes.

MESSAGE: Used to leave a message waiting indication or call back the party who left the message waiting indication.

Message/Ringer Lamp: When you receive an intercom call, the lamp flashes green, and on an outside call, the lamp flashes red. When someone has left you a message, the lamp stays on red.

FLASH/RECALL: Used to disconnect the current call and make another call without hanging up.

Flexible CO Buttons: Used to make or receive an outside call. Pressing one of these buttons seizes an idle outside line automatically. (Button assignment is required.) Also used as feature buttons. (Button assignment is required.)

- For further information, refer to the User Manual of the Hybrid IP-PBX.

Using the Display Proprietary Telephone

◆◆ Entering Characters

You can enter alphabetic characters and digits using the dialling buttons. Pressing a dialling button repeatedly displays different characters, as shown in the following tables.

Table 1 (Standard mode)

Times Buttons	1	2	3	4	5	6	7	8	9
1	!	?	"	1					
2	A	B	C	a	b	c	2		
3	D	E	F	d	e	f	3		
4	G	H	I	g	h	i	4		
5	J	K	L	j	k	l	5		
6	M	N	O	m	n	o	6		
7	P	Q	R	S	p	q	r	s	7
8	T	U	V	t	u	v	8		
9	W	X	Y	Z	w	x	y	z	9
0	(space)	.	,	'	:	;	0		
*	/	+	-	=	<	>	*		
#	\$	%	&	@	()	€	£	#

While entering characters, you can move the cursor with the left and right Navigator keys and delete a character with the TRANSFER button.

To toggle between Table 1 and Table 2, press the Soft button (S1) at any time while entering characters.

Table 2 (Option mode)*

Times Buttons	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
1	!	?	"	ä	ö	ü	1

Connection

CAUTION
Ensure the cords are inserted in the grooves to prevent damage to the connector. Some thick cables may not fit in the grooves.

CAUTION
Ensure the headset cord is inserted in the hook to prevent damage to the connector.

***AC adaptor Order No.**

United Kingdom: **KX-A237E** (PQLV1E)/Greece: **KX-A237CE** (PQLV1CE)

Note:

- Consult your dealer for more details about the AC adaptor.
- For further information on the connection of the KX-NT136 to a PC, refer to the information regarding the KX-NT136 in the documentation of the Hybrid IP-PBX.

Tilt Angle Adjustment

The tilt angle of the operation board can be adjusted to one of four angles.

To lift: Lift up the operation board to the desired step-angle (1 → 2 → 3 → 4).

To set down: Lift up the operation board to the highest angle and then press down to step-angle 1. **Be careful not to get your fingers caught between the base and the operation board.**

- Pull down the handset hook until it locks to prevent the handset from slipping down from the operation board when at step-angle 4.

Wall Mounting

- 1** Set the operation board to step-angle 1.

- 2** Connect the Ethernet cable, and then attach ① first and then ② of the wall mounting adaptor (included).

- 3** Mount the unit on the wall.

- 4** Pull down the handset hook until it locks, so the tab holds the handset.
To temporarily place the handset down during a conversation, hook it over the top edge of the telephone as shown.
